AUGUST 2019

NOTES & NEWS

Putnam Farmer's Market

The first day of the Putnam Farmer's Market Season 2019 will be August 3rd. The market will be open from 9AM-1PM at the Valley Park in Hurricane.

Summer, School & Safety

Summer's almost over, and soon the kids will be heading back to school. We'd like to remind our residents to keep an eye out for young pedestrians and obey the speed limits, particularly in school zones. Thanks for keeping our neighborhood safe.

HIGHLIGHTS

3 Things You Need to Know

Sometimes it can be a challenge to eat the recommended 4–5 servings of vegetables a day. Here are a few ways to fit more veggies into a meal:

- 1) Finely shredded zucchini, summer squash, carrots and cauliflower can be added to almost any casserole without changing the taste or texture.
- 2) Puree butternut squash and mix it with grated cheese to make a spread for grilled cheese, quesadillas or pizza.
- 3) Use greens to hold sandwich ingredients instead of bread or tortillas. Lettuce wraps are the most common. For tougher greens such as kale or chard, blanch the greens and pat dry before wrapping.

Be Like a Bee

It's important to drink enough water to stay hydrated in the summer heat. To help increase your intake, add flavor and sweetness to your water with a teaspoon of honey.

Woodstock's Golden Anniversary

Fifty years ago this month, a weekend music festival held in a hayfield in upstate New York became a defining moment in pop culture. Advertised as "three days of peace and music," the event drew more than 400,000 people and featured some of music history's most iconic singers and bands.

Hills and Thrills

National Roller Coaster Day is celebrated each year on Aug. 16. Did you know that the oldest roller coaster still in operation was built more than 100 years ago? Let us loop you in on some more fascinating facts about these fun-filled rides.

- Early roller coasters were inspired by 17th-century Russian ice ramps, where sledders sailed down 70-foot-high slopes.
- LaMarcus A. Thompson constructed the first roller coaster in the U.S. Called the Switchback Railway, the attraction opened in 1884 at New York's Coney Island. It cost a nickel to ride, and the cars reached a speed of 6 mph.
- The world's oldest operating roller coaster is Leap-the-Dips at Lakemont Park in Pennsylvania. It was built in 1902, underwent restoration in the 1990s and is designated a National Historic Landmark.
- Formula Rossa at Ferrari World Abu Dhabi in the United Arab Emirates is the world's fastest roller coaster, reaching a top speed of 149 mph.
- Six Flags Great Escape in New Jersey is home to the world's tallest roller coaster. The Kingda Ka towers 456 feet above the ground.
- There are many types of roller coasters, including sit-down, stand-up, inverted, suspended, pipeline and bobsled.
- Roller coaster loops are designed with a teardrop shape because perfectly circular loops would subject riders to dangerous gravitational forces.

Take Care of Yourself

The term "self-care" is showing up quite a bit these days. Simply put, self-care is used to describe things you do for yourself to be happy and healthy. When you care for yourself physically, emotionally and mentally, you are better able to pursue your goals and enrich the lives of the people around you. Here's a guide to making yourself a priority:

Pack a Perfect Lunch

Bringing your own lunch to work or school is good for your wallet as well as your waistline. You can save hundreds of dollars a year by brown-bagging it instead of eating at a restaurant; plus, you can control your portions and choose healthy ingredients.

Prepare your meals with nutrition in mind. Lunches that include some lean or low-fat protein along with carbohydrates and fiber will keep your body fueled for the rest of the day.

Even if you eat a sandwich every day, there are so many ingredient options, you'll never get bored. Instead of sticking to sliced bread every time, try alternatives such as hoagie rolls, tortillas, pita pockets, bagels, croissants, waffles and English muffins.

Choose lean fillings like sliced eggs, tuna, cheese, chicken or turkey. Then jazz up your sandwiches with assorted greens, fresh basil, sprouts,

The basics. Strive to sleep seven to nine hours a night, maintain a healthy diet, and get at least 30 minutes of physical activity a day.

Learn to say no. Many people feel obligated to say yes when someone asks for their time or energy, but it's OK to say no, especially if you are feeling run-down or spread too thin.

Quiet time. Take time to decompress at least once a day. Self-care can be as simple as putting your phone away for five minutes to just sit with your own thoughts. Another beneficial break is getting outside for some fresh air and sunshine.

You are unique. Self-care activities are personal. While some people enjoy a weekend away with friends, others prefer to spend time alone. Whether you go for a long walk, read a book, buy yourself some flowers or enjoy a movie, incorporate self-care ideas that resonate with you.

cucumbers, onions, tomatoes, peppers, pickles, olives or shredded carrots. You can get creative with spreads, too. In addition to mustard and mayonnaise, consider hummus, horseradish, avocado, cream cheese, nut butters, honey and jam.

Leftovers are another easy option, especially if you cook large batches of entrees that freeze well, such as lasagna, pot pie, chili or soup. Freeze portions in single-serving containers that you can grab on your way out the door.

WIT & WISDOM

Make Fitness Fun

The trick to getting fit and staying that way is finding the right exercise for you, and sometimes the same old workouts in the gym or at home are more boring than beneficial. Alternative exercise activities might be just the thing to shake up your fitness routine and get you back on track.

Climbing. Whether you're scaling an indoor climbing wall or tackling a slope in the great outdoors, climbing can help you reach peak physical fitness by improving stamina, strength, flexibility and coordination.

Rowing. Indoor rowing machines provide the same strengthening and toning benefits as rowing a boat, but without having to get out on the water. A high-intensity, low-impact workout, rowing is suitable for a variety of fitness levels.

Boxing. Boxing boosts strength and cardiorespiratory fitness, plus improves balance, flexibility and coordination. Gaining popularity is a style called Thai boxing, which focuses on using not only your fists, but also your elbows, knees and shins.

Hula-hooping. This fun fitness craze may remind you of recess. As you spin hoops to music, you'll be toning and strengthening almost your whole body. For a more intense workout, advanced participants use weighted hoops.

Dancing. Hip-hop, disco, swing, ballet and ballroom dancing all have health benefits. Dancing works both the upper and lower body, and also enhances stamina, flexibility and coordination.
